

April 17, 2011

Wow!!! What a day!! The triathlon went off very smoothly this year and it is in large measure due to the efforts of our volunteers. We needed a few more volunteers this year due to Flamingo Feat, but you came through for us and we weren't sweating out the last minute need for volunteers. Again, thanks so much for all the volunteers who came out this morning. There are so many volunteer duties and we truly could not hold this great event without you.

Things seemed to go very smoothly with registration, the food table and in the pool thanks to your efforts. Timing and moving all those swimmers through the water always seems daunting, but you all make it look effortless. For those of you who were outside, thanks for sticking with us through the cold and rain. It can be a little lonely and at times quiet assignment so thanks for being there to cheer the athletes on.

We would also like to thank our sponsors and hope you will consider patronizing them in the future. Our sponsors are listed on the back of the triathlon shirt. BJs, and Shoppers Food also helped us with food donations.

Again, thanks to all who volunteered to help make this event happen. We couldn't do it without your efforts. We are touched that you would give so freely of your time to help us honor the memory of Emily. We hope we will see you again next year.

Wishing you all the best,

The Schindler Family
